Indonesia Names Sumitro As Top Diplomat for U. S.

Announcement was made yesterday at the Republic of Indonesia Office here of the appointment of Dr. D. Sumitro as chargé d'affaires for the United States of Indonesia with the rank of Minister Plenipotentiary.

"Until the exchange of embassies between Washington and Jakarta is formally completed, Dr. Sumitro will be the highest ranking official of his Government for relations with the United States of America," the announcement said. "He will take charge of all economic and financial organizations in this country which have been previously connected with the Netherlands East Indies Government."

Dr. Sumitro was Indonesia's financial and monetary expert at the Hague round-table conference that settled Indonesia's status.

Memo for file:FILING
JAN 11 1950

I talked with Mr. Biersteker over the telephone and asked him if, in his opinion, there ~~was~~ any reason why we should not get in touch with the officials of the United States of Indonesia, looking forward to the possibility of securing an order for bank notes.

✓ He said there was no reason why we should not do so. However, the Javasche Bank continues to be the sole bank of issue, in accordance with the terms of the settlement at the Hague Conference, and will continue so to act until legislation is enacted to alter that situation. This, he said, would take a considerable amount of time and possible never would be fulfilled. He said that it is his expectation that in due course the title of the Javasche Bank will be changed to perhaps "Central Bank of Indonesia" and become the sole issuing institution. In this event, there presumably would be representatives from the new Indonesian Government.

understanding

I asked Mr. Biersteker if my ~~was~~ correct that Enschede was making the notes for the Javasche Bank; he said that was correct, except on the last occasion of their placing an order with us when Enschede could not fill their needs. Hence they came to us.

I raised the question that, in the event they continue to be the sole bank of issue for all of Indonesia, would they not ultimately require new notes, in which event I hope that we could play an important part in the preparation thereof. He concurred in that point of view, but said the problem is the immediate shortage of dollars and until they can overcome it, either by a loan from this country or otherwise, he was inclined to feel that it would not be possible for them to place orders for notes in this country.

✓ Mr. Biersteker told me that Dr. Soemitro[#] had been appointed in charge of affairs in this country for Indonesia and that he would suggest that we get in touch with him. Upon my inquiry, he expressed a feeling that Dr. Soemitro was a clever man, but he believed him to be reliable. He said that he had offered his services to Dr. Soemitro to assist him in any way possible with regard to the financial matters and that he believed that in a short time Soemitro would be inclined to accept his collaboration and assistance.

First Diplomatic Envoy of New State Presents Credentials

WASHINGTON, Jan. 9 (AP).—The first diplomatic envoy of the new republic of Indonesia, Dr. Soemitro Djojohadikusumo, today presented his credentials to Secretary of State Dean Acheson.

Dr. Soemitro, who will hold the rank of charge d'affairs, told reporters that his government's Minister of Economic Affairs will arrive next week to present a formal application for a loan from the United States Export-Import Bank. "We will not ask for the moon," he said. "But Indonesia does need financial help from the United States to develop food production and transportation facilities."

S i r:

Permit me to express to Your Excellency my most cordial congratulations upon the establishment of the Republic of the United States of Indonesia as an independent and sovereign state and upon your own elevation to the high office of President of your country.

I have observed with interest and sympathy the long struggle of your people to attain their independence, and I rejoice with Your Excellency that these efforts have finally been crowned with success.

If we can be of service in any way, please call upon us. As Your Excellency undoubtedly is aware, my Company, during the century and a half of its existence, has been privileged to furnish most of the nations of the world with the highest quality of steel-engraved banknotes, stamps and other documents of monetary value, and we are universally recognized as the best qualified and most responsible firm in this field. We would be greatly honored to place our facilities at the disposal of your Government, and, if Your Excellency should feel it desirable, to send a representative to Jakarta for the purpose of conducting preliminary discussions.

With assurances of my highest esteem,

Very truly yours,

President

His Excellency
Mohammed Hatta, Premier of the
Republic of the United States of Indonesia
Jakarta, Indonesia

Sir:

Please accept my sincere congratulations upon the high honor that has come to Your Excellency in having been chosen Premier of your country, and my very best wishes for the future success of Your Excellency and of the Republic of the United States of Indonesia.

I am happy that the long efforts of the people of Indonesia to achieve the right to determine their own destiny and realize their hopes and aspirations have culminated in success, and I know that your new Republic will make a distinguished contribution to the cause of world peace and the progress of mankind.

While I do not know the present or future needs of your country, I should like to take this opportunity to place our facilities at its disposal. During a period of more than 150 years, my Company has been called upon to supply many nations with steel-engraved banknotes, stamps and similar documents requiring protection against fraudulent reproduction, and the quality of our products and service and our responsibility are recognized as being without equal anywhere in the world.

We would be greatly honored to have the privilege of rendering a similar service to the Republic of the United States of Indonesia, and, if desired, we would be pleased to have one of our representatives visit Jakarta for the purpose of discussing this possibility with the proper authorities.

With assurances of my highest consideration,

Very truly yours,

President

"Fox Contract" with Indonesia Will Be Given Final Form this Month

WHILE the U. S. State Department last week was considering ways and means of aiding southeast Asia, a strange story of American private finance in that area came to light with the arrival in this country of Dr. Raden Djuanda, Economics Minister of the Republic of the U. S. of Indonesia.

Dr. Djuanda is in Washington to negotiate a \$150 million loan with the Export-Import Bank, but in the course of his visit he revealed that his government was also negotiating with Matthew Fox, director of Universal International Films and chairman of the board of United World Films.

Two years ago Mr. Fox invested some \$400,000 in the American-Indonesian Corporation to facilitate trade between the U. S. and Indonesia. His partner in this arrangement was the Republic of Indonesia which since then has been incorporated into the U. S. of Indonesia. This development made obsolete the original contract which already was under criticism. Said Dr. Djuanda:

"I have never, from the beginning, been in favor of this contract. We are, however, prepared to do business with the Fox group on a non-exclusive basis. Mr. Fox has given undoubted assistance to some of our people at a time when they were cut off from their government."

Mr. Fox first became interested in Indonesia when, in November, 1947, a former Washington associate drew his attention to the plight of a group of Indonesians who had arrived in the United States. Fox was told that a New York bank was holding up an \$80,000 credit, representing a shipment of vanilla beans and kapok fiber, until it had some guarantee of who owned the goods. Fox underwrote the risk that another claimant would appear.

After that, the Indonesian Trade Commissioner in the U. S., Dr. Sumitro Djojohadikusumo, called on Mr. Fox to express his gratitude, and their negotiations began. Their conversation led to the "Agreement between the Republic of Indonesia and Matthew Fox," and on January 3, 1948, American Indonesian Corporation was established as a partnership between the government and Mr. Fox. The corporation was to receive a commis-

sion of 5% on each export and import transaction, half for Mr. Fox and half for the government.

Mr. Fox was to be president of the corporation, and Dr. Sumitro unsalaried vice-president. But Mr. Fox's investment went beyond the \$400,000 he advanced for the expenses of the corporation. He also put up \$150,000 for the Indonesian Republic's diplomatic expenses. In addition, he secured legal, economic, and public relations services for the Indonesians. Altogether, his associates say, his venture may by now have absorbed a total investment of some \$750,000.

Mr. Fox's contribution to the Indonesian cause was massive and valuable. He enabled the nationalist revolutionaries to maintain a diplomatic staff throughout the world. More important, he placed at their disposal the skilled craftsmanship of American-trained public relations men and lawyers, to spread their story before the world.

Secondly, he represents to the newly-independent Indonesians an alternative channel of commerce with the outside world to rival the "Big Five" Dutch East Indian trading firms, whose influence the Indonesians are eager to diminish.

But, during the past two years,

the "Fox contract," as it came to be known, has had its share of criticism. Left-wing opponents of the Indonesian government at home have attacked the agreement as a link with "American imperialism." Dutch circles have also been critical.

When this writer was in Jakarta recently, the Dutch-language newspaper *Nieuwsgier* carried a front-page cartoon entitled "The Fox Contract." The drawing showed half a dozen tough-looking gangsters against the background of New York skyscrapers, and carried the caption: "We've come to give you protection!"

Indonesian officials, such as Dr. Djuanda, have also expressed reservations. Still, when Mr. Fox arrived in Jakarta early in January of this year, he was received very cordially by President Sukarno and Premier Mohammed Hatta. Many Indonesians feel that, to throw over an old friend and supporter, just when his advances should begin to pay off, would endanger the new state's commercial credit at a time when resumption of trade is a prime consideration.

Mr. Fox had stated that he is willing to discuss an entirely new agreement. The original contract was revised three times: in August, 1948; March, 1949; and May, 1949. A major stumbling block was its Article

IV, which was to make the corporation Indonesia's "sole and exclusive agent" with American interests.

After the last revision, the U. S. State Department, through Winthrop G. Brown, director of the Office of International Trade Policy, said the modifications met the objections "which this department had to this contract from the point of view of its being of an unduly monopolistic character."

What kind of an agreement Mr. Fox will now get with the U. S. of Indonesia remains to be seen. Negotiations will begin in earnest after Dr. Djuanda gets back to Jakarta February 18. It will then be decided whether Fox's very large gamble on a free Indonesia will pay off.

Whatever happens, Mr. Fox has had enough trade experience to remain unruffled. A movie-house manager while still in his 'teens, he became vice-president of Universal Pictures when Carl Laemmle, Sr., sold out after a disastrous year in 1936.

During the war Mr. Fox sat on the planning committee of the War Production Board. Joining the Army in 1943, he directed industrial mobilization in the reoccupied territories of France, Belgium, and The Netherlands after the war. Mr. Fox is proprietor of Reynard International, Inc., an export-import company, among his other interests.

MR. EBON, author of "World Communism Today," recently returned from a tour of the Far East.

Messages may also be filed at any office of Western Union in the United States.
To insure their transmission over our lines, such messages should be marked with
the routing indicator "Via ALL AMERICA", for which no charge is made.

CLASSES OF SERVICE

ORDINARY SERVICE—

Ordinary messages receive prompt transmission throughout, subject to priority of GOVERNMENT and URGENT PRESS messages. Ordinary messages may be either FULL RATE or CODE (CDE) RATE, both of these categories having equal rank in transmission.

FULL RATE—

Messages in this category are those which do not qualify as CDE under the CODE (CDE) regulations. They may be written in plain language or cipher (secret) language, or both.

CODE (CDE) RATE—

Under this category, code words must not contain more than five letters. Figure groups, trade terms and commercial marks composed of figures and letters, may not exceed fifty percent of the total number of words in the text and signature. Minimum charge of five words applies.

*DEFERRED (LC) SERVICE—

Deferred messages are subject to deferment in favor of FULL RATE and CODE (CDE) RATE messages of the same date. Such messages must be written wholly in one plain language. Minimum charge of five words applies.

*NIGHT LETTER (NLT) SERVICE—

This service is designed especially for business or social messages written wholly in one plain language. Delivery is effected on the day after filing except as otherwise indicated in the Company's Tariff on file with the Federal Communications Commission. Minimum charge of twenty-five words applies.

*Figure groups, trade terms and commercial marks must not exceed one-third of the total number of words in the text and signature.

DUPLICATE SENT

Dear Mac:

When Arturo was here we discussed with him on several occasions the matter and importance of our getting in on the Indonesian currency business. It was his opinion that nothing could be done until after the Republic of Indonesia had been given its full independence and until transfer of sovereignty had been completed.

Arturo at the time said he would let us know when it would be best to send a representative down, which he thought would be some time in February or March.

At the time of our discussion with Arturo it was assumed that you would be home on leave in February or March, and that in all probability we would have to send Strong.

We have been keeping in touch all along, through Sumitro's office, with the progress of the negotiations between the Netherlands Government and the Republic of Indonesia.

The end of January we cabled Arturo asking him when he thought we should send someone to Java, and he replied that someone should be sent some time after February 23rd and that we should immediately get in touch with Dr. Djuanda, Minister of Economic Affairs who was in the United States seeking a loan.

I met Dr. Djuanda at an official reception given by Dr. Sumitro, and was promised an appointment to discuss business with Dr. Djuanda, but before this could take place the loan was granted and the latter left the following day, February 11th, for Java.

As the first meeting of the Indonesian Parliament took place on February 15th and things were starting to warm up, we accordingly cabled you on February 17th asking if you could arrange to go to Batavia (Jakarta). On receipt of your reply of February 20th I took up the matter again with Dr. Sumitro and the Consul General here, and their instructions to me were passed on to you in our cables of February 20th and 24th.

Dr. Sumitro, as advised, said that he would telegraph Batavia, telling them that you soon were arriving there and requesting that they reserve hotel accommodations for you, but he could not guarantee that this would be done. He did add that in all probability the matter would be given very special attention. The Consul General also assured me on the 24th that he had sent a second telegram to the Consul General in Bangkok to issue the visa to you.

In your telegrams quoting cables received by you from Arturo you referred to the Indonesian Mission in Washington and also the Embassy there. These are one and the same thing, according to Dr. Sumitro, who has been doing all the work. The Ambassador has already arrived in this country and is living at the Shoreham Hotel, but as yet they have no Embassy in Washington; they are negotiating for the purchase or rental of some property there and hope to have a place before the end of this month.

Dr. Sumitro has been running back and forth almost daily, from New York to Washington, and is taking care of all the Embassy work as well as ~~xxxxxx~~ assisting Dr. Djuanda in the negotiations for the recently granted American loan.

Dr. Sumitro hopes, as do we here, that his cable to Batavia will result in your getting hotel accommodations there and that you will soon be leaving.

Dr. Sumitro said he does not expect that there will be an order placed for any currency in the very near future, as the bank has not been authorized by Parliament, but this matter has high priority on the agenda, and he hopes that the bank will soon be authorized and fully organized.

Dr. Sumitro said he thinks that most of the negotiations on the new currency for the United States of Indonesia will be handled in Batavia (Jakarta); however, it may be that, if the business is to come to America, the final negotiations will take place here in Washington. Nevertheless, he agrees that it will be a good thing for you to get to Jakarta as soon as possible and meet the people who will be in charge. He said that his father is in Jakarta and for you to contact him when you get there. His father will introduce you to the people that will count.

It would appear, therefore, that you will have plenty of time to work up this business, and give us plenty of time here to make up some first class models.

We wish you the best of luck, and if you need any information from this end you know that we stand ready to help you, and if you feel that Dr. Sumitro's assistance might be helpful in your negotiations we shall endeavor to do what we can to contact him again for the purpose.

Sincerely yours,

Vice-President

Dear Mac:

✓ Received your letter of the 24th, which crossed mine of yesterday's date, in which I gave you all the information available to date with regard to the Indonesian matter.

Thanks for sending me the letter you received from Wester concerning the Siam coronation stamp issue, which we read with interest.

We are expecting word any day now from Strong regarding the possibilities of concluding negotiations with the Postal Officials at Bangkok in connection with this prospective order.

Radiograms of all classes may be filed at any RCA office.

Overseas and shore-to-ship radiograms via RCA will also be accepted at any office of the Western Union Telegraph Company in the United States.

Domestic radiograms to points served by RCA will be accepted at any Western Union office in those cities which are included in the RCA domestic network.

ALL MESSAGES ACCEPTED BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes, the sender of every radiogram should order it repeated; that is, telegraphed back to the originating office for comparison. The additional charge for this service is one-half the ordinary tolls.

Unless otherwise indicated on its face, this is an unrepeatable radiogram and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. This Company shall not be liable in any case for mistakes or delays in the transmission or delivery, or for non-delivery of any message, beyond its own termination. In forwarding this message to the stations or over the circuits or lines of any other communications agency this Company is hereby made the agent of the sender without liability for mistakes, neglects or delays of such other communications agency, its agents or servants.
2. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeatable message rate, whether caused by the negligence of its servants or otherwise, beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the specially valued message rate, whether caused by the negligence of its servants or otherwise, beyond the sum at which such message shall be valued, in writing, by the sender thereof when tendered for transmission and for which payment is made of the amount of the repeated message rate plus an additional charge equal to one-tenth of one per cent of the amount by which such written valuation shall exceed five thousand dollars.
3. The Company shall not be liable in any case for delays arising from unavoidable interruptions in the working of its circuits; nor for delays or errors caused by storms or the action of the elements, or other acts of God, or by civil or military authority, or by insurrections, riots, rebellions, or the unlawful acts of individuals; nor for errors in cipher or obscure messages.
4. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices. If a message is sent to such office by messenger, whether supplied by the Company or not, the messenger acts for that purpose as the agent of the sender; if by telephone or by telegraph the person receiving the message acts therein as agent of the sender, and is authorized to assent to these conditions on behalf of the sender.
5. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.
6. It is agreed that in any action by the Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
7. The special terms governing the transmission of the messages classified below shall apply to such messages in addition to the foregoing terms.
8. No employee of the Company is authorized to vary the foregoing terms.

CLASSES OF SERVICE

FOREIGN

Full-Rate Radiograms—An expedited service throughout. Plain and Cipher language admitted.

Deferred, Half-Rate Radiograms—Half rate messages are subject to being deferred in favor of full rate messages for not exceeding 24 hours. They must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text. Deferred service is available to most countries of the world.

Urgent Rate Radiograms—Take precedence over all other commercial messages. The word "Urgent" should be written as the first word of the address.

CDE Rates—Radiograms in code language are accepted at 60 percent of the Ordinary or Urgent Rates, according to the class of service desired. Code words are limited to five letters. Figure groups may not exceed 50 percent of the total number of words in text and signature.

Radioletters—Radioletters are of two classes, either NLT or DLT, according to whichever class is admitted by the country of destination. NLT are delivered on the morning after the day of filing. DLT are delivered on the morning of the second day after filing. Radioletters must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text.

DOMESTIC

Full-Rate Radiograms—An expedited service throughout.

Day Letters—A deferred day service at One and one-half times the standard rate for a 15-word Full Rate message for the transmission of 60 words or less and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Day Letters:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Company as deferred messages and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of Full Rate Radiograms.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of Full Rate Radiograms under the conditions named above.

No employee of the Company is authorized to vary the foregoing conditions.

R. C. A. COMMUNICATIONS, Inc.
66 Broad Street, New York
DAVID SARNOFF, President.

Serial Service—Individuals or firms may send any number of Serial Messages during any one day to the same person or firm and the words in each message will be accumulated to a daily total and charged at the Day Letter rate plus 20 percent. A minimum of 15 words per serial message will apply. The special terms applicable to Day Letters apply equally to the Serial Service.

Night Messages—Accepted up to 2:00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day. See special conditions below.

Night Letters—Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The Full-Rate Radiogram rate for 15 words shall be charged for the transmission of 60 words or less, and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Night Messages and Night Letters:

In further consideration of the reduced rates for these special Night Message and Night Letter services, the following special terms in addition to those enumerated above are hereby agreed to:

Night Messages and Night Letters may, at the option of the Company, be mailed at destination to the addressee, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Messages or Night Letters at destination, postage prepaid.

Indonesia Explains Plan Of Nation's Coat of Arms

The symbolism of the national coat of arms of Indonesia, the completion of which was announced recently by the United States of Indonesia Cabinet, was explained yesterday by the new republic's information office, 10 Rockefeller Plaza.

The dominant figure in the design is a golden garuda, or eagle, holding a scroll in its claws. Suspended by a chain around the garuda's neck is a shield of red and blue, the colors of the Indonesian flag. On the scroll is the slogan "Bhinneka Tunggal Ika," meaning "many remain one."

The five symbols on the shield are a star in the center, representing Divine omnipotence; a circular steel chain, representing humanity; the banyan tree, representing national consciousness; the head of a wild bull, representing democracy, and rice and cotton stalks, representing social justice.

"open treason against the republic." The former management of the magazine *Planned Economy*, it explained, had allowed bourgeois economic theories to penetrate its columns and had devoted insufficient attention to such matters as the "development of the structure of the working class."

In a similar vein, the Communist daily *Rude Pravo* reported that several factory executives, managers of cooperatives had been dismissed as "enemies of the people's democratic order, who aged our economy." The latest issue of the monthly *Czech Industry*, meanwhile, listed twenty-seven managers who had been dismissed from national enterprises.

Tomorrow's issue of the union daily, *Prace*, will say "many officials of the Gottwald steel mills refuse to work" that they must "represent the working class."

While the purge continues, an intensive state Communist party campaign of continuous production were expelled in the end of 1948. The ship was 2,311 tons, the party continued the largest Communist world, in production, the country's population more have been to candidate.

Over 1,000 Guilders to Be
Seized as Public Loan

JAKARTA, Indonesia, March 19 (AP)—The United States of Indonesia devalued the currency by 50 per cent today and seized half of all cash and bank accounts of more than 1,000 guilders as a Government loan.

[The Indonesian guilder has been quoted here recently at 26 cents, an Indonesian source said here Sunday night.]

An ordinance of the Finance Ministry said all paper Indonesian guilders in circulation would lose half their value as legal tender. All banks and pay offices in the country are to be closed until Wednesday. After that they will reopen and exchange old money for new bank notes at one-half the face value until April 16.

Indonesia thus became the thirty-fifth nation to devalue since Great Britain cut the value of the pound by 30.5 per cent last Sept. 18.

The Finance Ministry's order literally required paper money over five guilders in value to be cut in two. The left hand half of the bill will be valid as currency at half the face value until April 9, after which it must be exchanged for new currency.

"In due time," Finance Minister Prawiranegara Sjafruddin said in a radio explanation of the new decree, the right hand half may be turned in for Government bonds again at half the face value.

He also said half of all money held as cash or in bank accounts "will be regarded by the Government as a public loan," bearing 3 per cent interest. "Banks will be required to transfer 50 per cent of every bank account to a special account for the loan, reckoning the amount at half the face value. Accounts of under 400 guilders will be excepted and accounts of less than 1,000 guilders will have 200 guilders exempted from the loan provisions.

Besides supplying the Government with needed revenue, Mr. Sjafruddin said, the Government hopes the new measures will:

1. End strikes by holding wages at the same level with prices falling.
2. End confusion caused by having money of both the United States

of Indonesia and of the old Indonesian Republic in circulation.
3. Increase foreign confidence in Indonesia in financial and economic matters, thus "automatically strengthening our political position."

The new banknotes to be issued will be provisional money of the United States of Indonesia, bearing a picture of President Soekarno, will not be out until June.

Indonesia Voids Contract Made With American

**Cancels Trade Agreement
Rebel Republic Set Up
With Ex-Film Executive**

JAKARTA, U.S.I., March 23 (AP).

—The United States of Indonesia Government today repudiated the controversial trade contract the rebel Republic of Indonesia made a year ago with Matthew Fox, American business and movie executive.

Economic Minister Djuanda announced the cancellation to Parliament. He said his government after investigation would compensate Mr. Fox for the money—reportedly more than \$500,000—he put into Indonesia's fight for independence.

Mr. Djuanda said the contract with Mr. Fox would have created a form of monopoly and would have restricted trade with the United States. The contract provided that the American-Indonesian Corporation, 40 Wall Street, New York, headed by Mr. Fox, would act as buying and selling agent in the United States for the republic's government.

Called a Vicious Monopoly

Critics of the contract called it a monopoly more vicious than agreements the Dutch East Indies Trading Company forced on the islanders two centuries ago. Mr. Fox maintained the contract was not monopolistic but called only for a commonly used form of purchasing agency. The Republican government has not published the official text of the agreement.

Mr. Fox, thirty-nine-year-old director and former executive vice-president of Universal-International Pictures, Inc., said today he would not comment on Mr. Djuanda's action while negotiations with the Indonesian Government were still going on. With several of his aids, he has been in Jakarta since January conferring with U. S. I. officials, most of whom were top men in the Republic. The Republic now is the largest of the sister states in the federation.

Renegotiation Announced

Randolph Feltus, an associate of Matthew Fox in the American-Indonesian Corporation, issued a statement in Washington yesterday saying that Mr. Fox is in Indonesia to establish a new arrangement, "on a non-exclusive basis but with government cooperation and guaranties," through which Mr. Fox "will operate in several private fields on a substantial basis."

Announcement of the new plan, Mr. Feltus said, will be made in Indonesia when details are settled. "Mr. Fox has been in Indonesia for several weeks at the invitation of Prime Minister Hatta to establish a new relationship in which he can serve Indonesia in its new status," Mr. Feltus said in his statement. "The old contract, which was with the Republic of Indonesia, served a vital purpose in the republic's fight for freedom."

INDONESIAN FIVE-GUILDER NOTE (AFTER DEFLATION)
Anyone could grasp it—if he had the wherewithal.

fredo Musni was holding a gun at his back at the time. After the ceremony, Father Coronel said, he returned to his parish, finally managed to slip away from the ever-watchful Musnis and escape 600 miles away to Zamboanga. Last fall, after church authorities had declared the marriage void, Father Coronel returned to Manila. He filed a suit asking for a civil annulment and financial redress from the Musnis. He was met by the Musnis' counter-suit for 100 pesos monthly alimony and 10,000 pesos moral damages. Alfredo Musni gave the following version of Gloria's marriage:

"On Jan. 14, 1948, I arrived in my home on Lealtad Street and found my wife crying. I asked her what was wrong, but she refused to talk, so I hit her. Then she talked. She said Gloria was pregnant and crying in her room. I asked Gloria if this was true and who did it, but she

kept quiet. So I hit her. Then my son Nestor arrived and I explained the matter to him. He also hit her. Then she talked. She said it was Father Coronel who did it . . . The next morning I went [out] with my son . . . came back in the afternoon with Father Coronel and in the evening they were married."

"Plain Blackmail." Alfredo denied that the marriage of Father Coronel and Gloria was a shotgun affair, claimed instead that the priest himself had suggested that he marry Gloria when he learned she was pregnant. Said Alfredo: "I even asked him how it was possible for a priest to marry, and he said there is no law against it, that in America they do it all the time."

Snapped Father Coronel: "All lies . . . plain blackmail."

Said Judge Gabino Abaya: "This is a hard case. It is not a mere matter between a priest and a woman, but a delicate problem that affects church and state. I want to give it all the time I can."

INDONESIA

The Magic Scissors

The black financial magic by which governments raise or lower the value of their currencies amid incantations of economic mumbo-jumbo is apt to baffle all but the most sophisticated spectators. But last week the government of "backward" Indonesia, whose guilder was badly inflated, devised an ingeniously simple new method that anyone could grasp, for letting the air out of their currency. Indonesian Finance Minister Sjafruddin Prawiranegara ordered Indonesians to get out their scissors and cut in half their paper money above five guilders.

The left halves of the banknotes will be legal tender at half their face value until April 9. Then they are to be turned in for a new currency, worth half of the old. The right halves will, "in due time," be redeemable for 3% government bonds. At the same time, the government's magical scissors also cut the Indonesians' bank accounts: half of all accounts over 400

guilders (\$100), with some exceptions, will be set aside as a forced loan to the government at 3%. These operations are intended to cut sharply the effective demand for goods in Indonesia. This, in turn, will bring the Indonesian price level in line with that of other countries.

All the Indonesians needed now was scissors and some money—and a great many of them had neither.

RUSSIA

The Masters

The results of the Russian election last week were—after the figures had been adjusted—better than ever. First returns were that 110,964,172 people had voted. That was 99.96% of the people eligible to vote, showing an electoral purity .52% higher than Ivory Soap.

Next day, "final" figures were given which raised the number of voters to 111,090,001 and the percentage to 99.98—two ten-thousandths short of perfection. (In the last national elections, in 1946, the voter total was 101,717,686, the percentage 99.70.)

To the connoisseur of percentages, the sentiments of the voters were almost as impressive. Voting for the Stalin "bloc" of deputies (there were no other candidates) to the Supreme Soviet's Council of the Union were 110,788,377 patriots (99.73%), while 300,146 others (0.27%) were listed as having voted against the Stalin bloc by drawing a line through the names. Crowded *Pravda*: "What stirring and decisive figures they are! . . . The Soviet people unanimously approve the wise Stalin's foreign policy . . . Only under Socialism are the people the masters of their fate."

FATHER CORONEL
Who, me?

Associated Press

GLORIA MUSNI & SON
Yes, you.

Associated Press

Tonga's 150 islands (total area: 250 sq. miles; pop. 45,000) for almost 3½ centuries. Tongans have no housing problem, no unemployment; they get free medical and dental care. Education (including English, Tongan history, singing and native arts) is compulsory from the age of six to 14.

Debt & Taxes. Under Queen Salote's diligent administration, Tonga has built up sizable overseas investments. The islands, which became a British protectorate in 1900, have no income tax, no public debt and a remarkably low crime rate: one murder in 30 years. At the age of 16, every male Tongan gets eight acres of land, for which he pays an annual tax of about \$7 U.S. to the Tongan government and a token rental to his chief. Tonga has its own passports, its own currency and its own postal system (including the station, famed among philatelists, of "Tin Can Island").

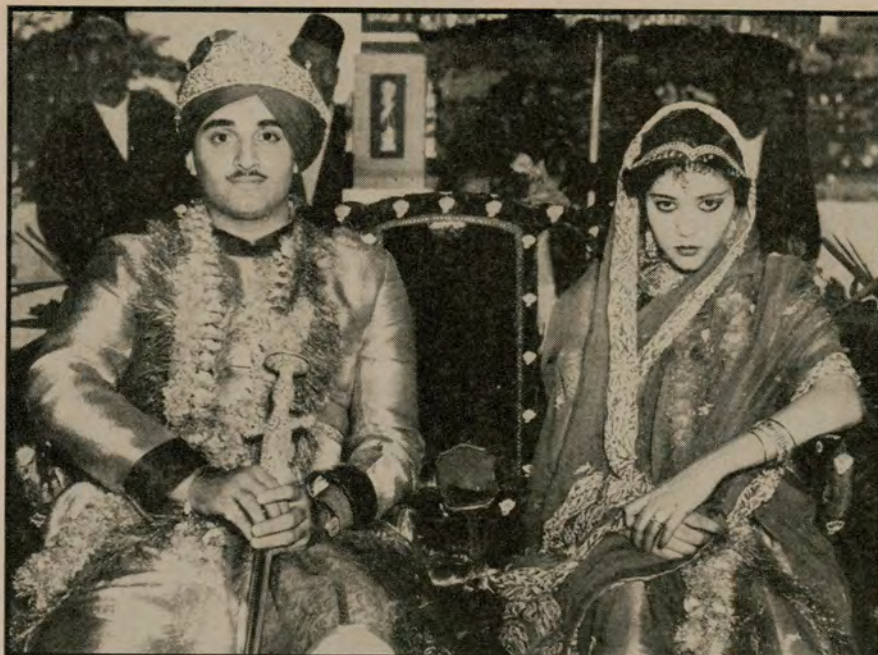

In the last 50 years, Tonga has experienced only two real crises, one minor and one major. The minor crisis was World War II (Tonga formally declared war on Germany in September 1939, with a proclamation that began "We, Salote . . ."). In the spring of 1942, U.S. troops went ashore on Tonga with orders to "take the island and destroy the enemy." The invaders were met by a group of friendly Tongans who explained that they had heard of Pearl Harbor long before, had promptly tossed all of the islands' 100-odd Japanese into jail in the capital city of Nukualofa. Later, thousands of other Allied soldiers stopped off at the Tongan Islands on their way to & from the Pacific battlefronts. During this time, Queen Salote wisely instructed her people to retire to the interior, safely avoided any entanglements, economic or romantic, between the Tongans and the G.I.s.

Cricket & Crisis. Tonga's major crisis occurred at the turn of the century, when the British introduced cricket to the islands. The Tongans were so fascinated with the game that they abandoned their work en masse. Even toddlers and old men insisted on playing, while the copra mildewed on the ground and the pigs ate the over-ripe bananas. A special meeting of the Tongan cabinet was called to meet the crisis and the cabinet decided to ask the British consul for advice. The consul suggested that the Tongan Assembly pass a law limiting the playing of cricket to two days a week. The cabinet took his advice, the law is still on the books, and the Tongans have lived happily ever after.

INDIA

Twilight of the Princes

"Need we cavil at the small price we have paid for a bloodless revolution which has affected the destinies of millions of our peoples?" With this eloquent plea, Deputy Prime Minister Vallabhbhai Patel last year won over reluctant Congressmen

PRINCE KARAM SINGH & BRIDE
The high-born elephants went to work.

International

to his plan for pensioning off India's princes. In return, the princes peacefully turned over their 587,888 square miles and 88 million subjects to republican administration. Last week in a white paper, Patel's Ministry of States disclosed the "small price": 56 million rupees (some \$2,600,000) a year in "purses" paid out to 283 princes.

The price was low, at that. The princes have not only taken a 75% cut in income, they have also surrendered to the government at least 700 million rupees' worth of securities, palaces and lands.

New Delhi has promised the princes "the continuances of their rights, dignities and privileges." These include ceremonial salutes (9 to 21 guns, depending on rank and custom), the use of red automobile license plates, and the right to be called Your Highness. Each prince is allowed one palace for everyday living and a second palace at a seashore or hill resort. The fattest purse goes to the Nizam of Hyderabad, fabled richest man in the world, who gets 5,000,000 rupees a year. The leanest, 192 rupees, goes to the Talukdar of Kadodia, lord of a tiny village in the Kathiawar desert.

Many princes have already changed their way of living. Last November the Maharaja of Jodhpur (1,750,000 rupees a year) moved with his Scottish wife from London's Claridge's to a small hotel which charges him only \$2 a day. In the past, on Hindu festivals wealthy princes used to stage huge processions with elephants and camels. Now the maharajas' high-born pachyderms are out in the fields working for a living.

Recently, some of the princes joined Bombay society for one of their last flings. The occasion was the splendid wed-

ding of 19-year-old Prince Karam Singh, heir to the Maharaja of Kashmir, and 16-year-old Princess Yashorajya Lakshmi, doe-eyed granddaughter of the hereditary Premier of Nepal (*see cut*). The wedding was carried out according to ancient Vedic rites, and lasted all day. In the evening the bride's father gave a huge reception on the brightly lit grounds of his mansion, served rare *pâtés*, caviar and native delicacies. Republican India will not see many more such shows.

THE PHILIPPINES

Delicate Question

When 26-year-old Father Hermogene Coronel came to the sleepy little parish of San Rafael in 1940, no one welcomed him more heartily than Alfredo Musni. The priest took a room in Alfredo's house, became fast friends with Alfredo, his wife and his daughter Gloria. Later, Father Coronel and Alfredo's brother-in-law entered a business partnership to found the San Rafael Academy. In 1946, Alfredo Musni enrolled blooming 18-year-old Gloria in Father Coronel's school.

Last week, the Musni family and Father Coronel, friends no longer, were glaring at each other across a Manila courtroom while a judge weighed the legal answer to a delicate question that had disturbed the whole Philippine Republic: Was Father Coronel legally married to Gloria Musni?

"So I Hit Her." Father Coronel's own answer was an emphatic no. True, he told the court, he and Gloria had gone through a marriage ceremony before a justice of the peace in 1948, but there were at least two invalidating circumstances: 1) the marriage was never consummated; 2) Al-

SUBJECT

INDONESIA'S NATIONAL INSIGNIA

FILING

JUL 19 1950

DATE April 12, 1950

File
DJAKARTA

to

New York

The Council of the Ministers of the R.U.S.I., in its sessions on February 11, 1950 decided on the Insignia of the State, as stipulated under article 3 juncto 3 of the draft constitution of the R.U.S.I. The National Insignia was designed by a special committee set up for this purpose in January.

The Insignia shows a GARUDA, the mystic bird in Indonesian culture, Symbolizing the creative power. From the chain around the Garuda's neck a heart-shaped shield is suspended, symbolizing preparedness for the defence of country and people. The details of the Garuda and shield are reminiscent of the historic date of 17 August 1945, viz. 17 is the number of the flight-feathers on each wing, 8 is that of the tail-feathers, while the number of the fields in the shield is 5.

The old-Javanese device "BHINNEKA TUNGGAL IKA" means "Unity in Diversity" and it symbolizes the affiliation of the territories and groups of people all over Indonesia into one great nation.

The Garuda is executed in Golden-yellow, depicting the glory of the people and the dignity of the State. The colours of the shield are red and white. There is a horizontal line through the shield, representing the equator, passing through the territory of the R.U.S.I., the only area on the equator to achieve sovereignty by its own efforts.

The five fields of the shield are significant of the "PANTJA SILA" the five principles on which the State is founded, viz. 1. Belief in God is represented by the Star in the central field. 2. Sovereignty of the people by the Banteng-(Buffalo)head. 3. Nationalism by the Banyan-tree. 4. Social Justice by paddy and cotton (food and clothing). 5 Humanity and belief in the equality of men, by the chain.

The foregoing is from the Kementerian Penerangan R.I.S.
Foreign Desk Department. Djakarta.

On April 12 we telegraphed you as follows.-
refer to your telegram 10 and our 11 have seen friend stop
suggests size overall for the 3 lower denominations (50¢ 1 Rupiah
and 2½ Rupiah) 4 7/8 inches by 2½ inches and for the 6 higher
denominations (5,-10,-25,-50,-100,-500.) 5 1/8 inches by 2¾
stop
one steel printing on the back Indonesian coat of Arms which we are
sending you today is to be used and use text for note model as on the
right side of our issue this being the Indonesian text show it on
the left side and on the right side show the english translation
stop
no dutch wording is to be used (this also applies to the face)
stop
in their Indonesian text where the spelling oe appears substitute
"u" our friend claims that "oe" is Dutch influence.
stop
will telegraph later regarding face.

I hope the above instructions are clear and believe that
your friend in NY will be able to help with the text, at least as
far as correcting the spelling and the english translation.

The official portrait of the president is not yet available,
however in the meantime you can use one of his portraits currently
to be had in NY.

In my telegram of the 14th I will give you details regarding the
face. I hope the size will help you. The 3 lower denominations
of the temporary issue now circulating are of the size mentioned
in my telegram and the denominations from 5 RUPIAH up are larger,
however I believe the size mentioned in my telegram will be more
convenient.

Kindly telegraph confirming receipt of this letter.

Radiograms of all classes may be filed at any RCA office.

Overseas and shore-to-ship radiograms via RCA will also be accepted at any office of the Western Union Telegraph Company in the United States. Domestic radiograms to points served by RCA will be accepted at any Western Union office in those cities which are included in the RCA domestic network.

ALL MESSAGES ACCEPTED BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes, the sender of every radiogram should order it repeated; that is, telegraphed back to the originating office for comparison. The additional charge for this service is one-half the ordinary toll. Unless otherwise indicated on its face, this is an unrepeated radiogram and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. This Company shall not be liable in any case for mistakes or delays in the transmission or delivery, or for non-delivery of any message, beyond its own termination. In forwarding this message to the stations or over the circuits or lines of any other communications agency this Company is hereby made the agent of the sender without liability for mistakes, neglects or delays of such other communications agency, its agents or servants.
2. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeated message rate, whether caused by the negligence of its servants or otherwise, beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the specially valued message rate, whether caused by the negligence of its servants or otherwise, beyond the sum at which such message shall be valued, in writing, by the sender thereof when tendered for transmission and for which payment is made of the amount of the repeated message rate plus an additional charge equal to one-tenth of one per cent of the amount by which such written valuation shall exceed five thousand dollars.
3. The Company shall not be liable in any case for delays arising from unavoidable interruptions in the working of its circuits; nor for delays or errors caused by storms or the action of the elements, or other acts of God, or by civil or military authority, or by insurrections, riots, rebellions, or the unlawful acts of individuals; nor for errors in cipher or obscure messages.
4. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices. If a message is sent to such office by messenger, whether supplied by the Company or not, the messenger acts for that purpose as the agent of the sender; if by telephone or by telegraph the person receiving the message acts therein as agent of the sender, and is authorized to assent to these conditions on behalf of the sender.
5. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.
6. It is agreed that in any action by the Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
7. The special terms governing the transmission of the messages classified below shall apply to such messages in addition to the foregoing terms.
8. No employee of the Company is authorized to vary the foregoing terms.

CLASSES OF SERVICE

FOREIGN

Full-Rate Radiograms—An expedited service throughout. Plain and Cipher language admitted.

Deferred, Half-Rate Radiograms—Half rate messages are subject to being deferred in favor of full rate messages for not exceeding 24 hours. They must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text. Deferred service is available to most countries of the world.

Urgent Rate Radiograms—Take precedence over all other commercial messages. The word "Urgent" should be written as the first word of the address.

CDE Rates—Radiograms in code language are accepted at 60 percent of the Ordinary or Urgent Rates, according to the class of service desired. Code words are limited to five letters. Figure groups may not exceed 50 percent of the total number of words in text and signature.

Radioletters—Radioletters are of two classes, either NLT or DLT, according to whichever class is admitted by the country of destination. NLT are delivered on the morning after the day of filing. DLT are delivered on the morning of the second day after filing. Radioletters must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text.

DOMESTIC

Full-Rate Radiograms—An expedited service throughout.

Day Letters—A deferred day service at One and one-half times the standard rate for a 15-word Full Rate message for the transmission of 60 words or less and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Day Letters:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Company as deferred messages and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of Full Rate Radiograms.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of Full Rate Radiograms under the conditions named above.

No employee of the Company is authorized to vary the foregoing conditions.

R. C. A. COMMUNICATIONS, Inc.
66 Broad Street, New York
DAVID SARNOFF, President.

Serial Service—Individuals or firms may send any number of Serial Messages during any one day to the same person or firm and the words in each message will be accumulated to a daily total and charged at the Day Letter rate plus 20 percent. A minimum of 15 words per serial message will apply. The special terms applicable to Day Letters apply equally to the Serial Service.

Night Messages—Accepted up to 2:00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day. See special conditions below.

Night Letters—Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The Full-Rate Radiogram rate for 15 words shall be charged for the transmission of 60 words or less, and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Night Messages and Night Letters:

In further consideration of the reduced rates for these special Night Message and Night Letter services, the following special terms in addition to those enumerated above are hereby agreed to:

Night Messages and Night Letters may, at the option of the Company, be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Messages or Night Letters at destination, postage prepaid.

Dear Mr. Lynott,

Indonesia - Indies

Both Mrs. Sumitro and I wish to express our heartfelt thanks for the beautiful roses that we found in our cabin upon departing from the U.S.

It was indeed a most pleasant surprise and a nice reminder of the happy times that we had the privilege of spending in New York.

I hope that we shall meet again before long either in Indonesia or in America.

With my best wishes and very sincerely,
ly yours,

We enclose a copy of our letter of today to President Soekarno, which is self-explanatory. Since notice of the copyright of Nikola Drakulic, Soerabaya, appears on the photograph, we would be exposing ourselves to possible claims and litigation if we engraved it and used it on future notes without written authority of the copyright owner.

Will you therefore please take this matter up with President Soekarno and obtain such authority, and forward it to us.

We also enclose face and back models of the 1 Rupiah note referred to in the letter to President Soekarno. We believe you should not show this to the copyright owner of the photograph, since the authority should merely cover the use of the photograph.

You will also find herewith face and back models of the 1000 Rupiah denomination as well as the proposed stamp model of 1 Rupiah.

His Excellency
Achmed Soekarno
President of the United States of Indonesia
Djakarta, Indonesia.

S i r:

We wish to express our appreciation of the kindness of Your Excellency in presenting to our Mr. Henry G. McNeary the excellent photographs of yourself and the members of your family which he has forwarded to us.

The photograph of Your Excellency bearing your autograph is so outstanding that we should like to have one of our best engravers create an interpretation of it on steel, and it is our understanding that we have your permission to do so. While this undertaking naturally involves no obligation on your part, we believe that you will feel, after seeing the result, that it is worthy of incorporation into the notes of your country.

Before proceeding with the engraving of this portrait, however, it is necessary that we obtain the written authorization of the holder of the copyright thereon, notice of which appears on the face and back of the portrait. We are therefore asking Mr. McNeary to request your assistance in obtaining such authorization, and we shall greatly appreciate your intervention in this matter.

For your information, the form of the engraving that we contemplate will be the same as the photograph of Your Excellency appearing on the model of a proposed 1 Rupiah note which we are today forwarding to Mr. McNeary.

Accept, Sir, the assurances of my highest consideration.

President

CERTIFICATE OF INSURANCE No F 269233

FEDERAL INSURANCE COMPANY

INCORPORATED UNDER THE LAWS OF NEW JERSEY

CHUBB & SON, Managers

No. 90 JOHN STREET, NEW YORK 7, N. Y.

New York, N. Y., June 2nd, 1950

This is to Certify, That this Company has insured under Policy No. FO-15090,
for **AMERICAN BANK NOTE COMPANY,**
the sum of **ONE THOUSAND TWENTY FIVE AND 00/100** - - - - - Dollars
on **One (1) Package 5 Models**
per **REGISTERED AIR MAIL** Under Deck, Valued at Sum Insured
at and from New York, N. Y., to **Djakarta, Indonesia** and/or other Steamer or Steamers,
direct or otherwise

It is understood and agreed that in case of loss the same is payable to the order of

AMERICAN BANK NOTE COMPANY,

on surrender of this certificate, which conveys the right of collecting, any such loss as fully as if the property were covered by a special policy direct to the holder hereof, and free from any liability for unpaid premiums. This certificate is subject to all the terms of the open policy, provided, however, that the rights of a bona fide holder of this certificate for value shall not be prejudiced by any terms of the open policy which are in conflict with the terms of this certificate.

The following Warranties shall be paramount and shall not be modified or superseded by any other provision included herein or stamped or endorsed hereon unless such other provision refers specifically to the risks excluded by these warranties and expressly assumes the said risks.

(A) Notwithstanding anything herein contained to the contrary, this insurance is warranted free from capture, seizure, arrest, restraint, detention, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise; also warranted free from all consequences of hostilities or warlike operations (whether there be a declaration of war or not); but this warranty shall not exclude collision, contact with any fixed or floating object (other than a mine or torpedo), stranding, heavy weather or fire unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purpose of this warranty "power" includes any authority maintaining naval, military or air forces in association with a power.

Further warranted free from the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising therefrom, or piracy.

(B) Warranted free of loss or damage caused by or resulting from strikes, lockouts, labor disturbances, riots, civil commotions or the acts of any person or persons taking part in any such occurrence or disorder.

It is hereby agreed that any loss or claim under this Certificate shall be paid at the office of the Company in New York, or at the offices of the Agents of the Company, Exchange Buildings, Liverpool, or at the Agency of the Company at port or place of destination, or, if the Company is not represented at port or place of destination, at the nearest Agency amongst those specified in the list on back hereof.

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

NOTICE—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

SPECIAL CONDITIONS

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotion Warranties appearing elsewhere hereon.

While on deck of ocean vessel:—

"Free of Particular Average unless caused by the vessel and/or interest insured being stranded, sunk, burnt, on fire or in collision with another ship or vessel or with ice or with any substance other than water, but liable for jettison and/or washing overboard, irrespective of percentage."

Where the words "including Strike Risks" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute S. R. & C. C. Clauses, form 5-A (Feb. 1941).

Where the words "including War Risk" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute War Risk Clauses, form 3-M (Feb., 1946).

INCLUDING STRIKE RISKS

INCLUDING WAR RISK

1. This insurance attaches from the time the goods leave the Warehouse and/or Store at the place named in this certificate or special policy for the commencement of the transit and continues during the ordinary course of transit, including customary transshipment if any, until the goods are discharged overboard from the overseas vessel at the final port. Thereafter the insurance continues whilst the goods are in transit and/or awaiting transit until delivered to final warehouse at the destination named in this certificate or special policy or until the expiry of 15 days (or 30 days if the destination to which the goods are insured is outside the limits of the port) whichever shall first occur. The time limits referred to above to be reckoned from midnight of the day on which the discharge overboard of the goods hereby insured from the overseas vessel is completed. Held covered at a premium to be arranged in the event of transshipment, if any, other than as above and/or in the event of delay in excess of the above time limits arising from circumstances beyond the control of the Assured.

It is necessary for the Assured to give prompt notice to these Assurers when they become aware of an event for which they are "held covered" under this policy and the right to such cover is dependent on compliance with this obligation.

2. Including transit by craft and/or lighter to and from the vessel. Each craft and/or lighter to be deemed a separate insurance. The Assured are not to be prejudiced by any agreement exempting lightermen from liability.

3. This insurance shall not be vitiated by any unintentional error in description of vessel, voyage or interest, or by deviation, over-cargo, change of voyage, transshipment or any other interruption of the ordinary course of transit, from causes beyond the control of the Assured. It is agreed, however, that any such error, deviation or other occurrence mentioned above shall be reported to this Company as soon as known to the Assured, and additional premium paid if required.

4. Notwithstanding any average warranty contained herein, these Assurers agree to pay any landing, warehousing, forwarding and special charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package or packages which may be totally lost in loading, transshipment or discharge.

5. In case of damage affecting labels, capsules or wrappers, these Assurers, if liable therefor under the terms of this policy, shall not be liable for more than an amount sufficient to pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the goods, but in no event shall these Assurers be liable for more than the insured value of the damaged merchandise.

6. When the property insured under this policy includes a machine consisting when complete for sale or use of several parts, then in case of loss or damage covered by this insurance to any part of such machine, these Assurers shall be liable only for the proportion of the insured value of the part lost or damaged, or at the Assured's option, for the cost and expense, including labor and forwarding charges, of replacing or repairing the lost or damaged part; but in no event shall these Assurers be liable for more than the insured value of the complete machine.

7. General Average and Salvage Charges payable according to United States laws and usage and/or as per Foreign Statement and/or as per York-Antwerp Rules (as prescribed in whole or in part) if in accordance with the Contract of Affreightment.

8. Including the risk of explosion, howsoever or wheresoever occurring during the currency of this insurance, unless excluded by the F. C. & S. Warranty or the S. R. & C. C. Warranty set forth herein.

9. Where this insurance by its terms covers while on docks, wharves or elsewhere on shore, and/or during land transportation, it shall include the risks of collision, derailment, overturning or other accident to the conveyance, fire, lightning, sprinkler leakage, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks or wharves, even though the insurance be otherwise F.P.A.

10. The Assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party. The seaworthiness of the vessel as between the Assured and these Assurers is hereby admitted and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent Assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable on the policy. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations, and to be towed.

11. This insurance is also specially to cover any loss of or damage to the interest insured hereunder, through the bursting of boilers, breakage of shafts or through any latent defect in the machinery, hull or appurtenances, or from faults or errors in the navigation and/or management of the vessel by the master, mariners, mates, engineers or pilots.

12. Warranted free of claim for loss of market or for loss, damage or deterioration arising from delay, whether caused by a peril insured against or otherwise, unless expressly assumed in writing hereon.

13. Where goods are shipped under a Bill of Lading containing the so-called "Both to Blame Collision" Clause, these Assurers agree as to all losses covered by this insurance, to indemnify the Assured for this policy's proportion of any amount (not exceeding the amount insured) which the Assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the Assured agree to notify these Assurers who shall have the right at their own cost and expense to defend the Assured against such claim.

14. No recovery for a Constructive Total Loss shall be had hereunder unless the property insured is reasonably abandoned on account of its actual total loss appearing to be unavoidable, or because it cannot be preserved from actual total loss without an expenditure which would exceed its value when the expenditure had been incurred.

15. Warranted that this insurance shall not inure, directly or indirectly, to the benefit of any carrier or bailee.

Not valid unless countersigned by J. M. FLYNN or B. BERTOSEN.

Countersigned,

Chubb & Son Managers

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage. If there be no agent of the Insurers at the port of discharge or disaster, not a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyd's agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, or in case of loss by theft, pilferage, non-delivery or negligence (if covered by this insurance) in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known and a copy thereof and a reply thereto must accompany any claim presented under this insurance certificate, in addition to the usual certificate of loss issued by the Underwriters Agent. Filing claim against carrier will not affect your rights under your insurance certificate.

Ministry of Information
of the
United States of Indonesia,

Gentlemen:

- see 6/2/50
We are pleased to enclose herewith an exact copy of a letter written by Mr. Albert L. Schomp, President of the American Bank Note Company to His Excellency, President Soekarno, in which Mr. Schomp thanks His Excellency for an autographed photograph which President Soekarno presented to me.

Mr. Schomp is desirous of having one of our best engravers creating an interpretation of the President's photograph on steel, however before proceeding with the engraving we would like to obtain the written authorization of the holder of the copyright which appears on the photograph on the written authorization of your Ministry.

The American Bank Note Company will undertake to make the steel engraving without involving any undertaking on your part and confirm that the only impressions of the engraving which will be released will be one for presentation to President Soekarno or impressions authorized in writing by him or by your Ministry, or the impressions to be used for the banknote models for the Indonesian Government or its Bank of Issue.

The form of engraving that we contemplate will be the same as the photograph of His Excellency appearing on the model of a proposed 1 Rupiah note which we had the pleasure of showing you

We shall indeed appreciate your written authorization to use the photograph of His Excellency and wish to thank you for your help and interest in this matter.

With assurances of our highest regard, I am

Faithfully yours

HMH/jb

Far Eastern Representative.

Maksud dan arti jang tersimpul dalam Lentjana R. I. S.

Sidang Dewan Menteri R.I.S. jang diadakan pada tg. 11 Pebruari 1950, telah mengesahkan Lambang Negara R.I.S. jang direntjanakan oleh Panitia Lentjana Negara menurut bagian III pasal 3 Undang-undang Dasar Sementara R.I.S. Lambang ini menggambarkan seekor burung garuda seperti terkenal dalam dunia mystiek peradaban Indonesia jang berarti tenaga pembangun. Pada rantai jang dikalungkan dileher garuda tergantung sebuah perisai berbentuk djantung jang melambangkan perdjungan pembelaan nusa dan bangsa. Lukisan garuda dan perisai ini mengingatkan pada tg. 17 Agustus 1945, jalah hari petjah repolusi jang bersedjarah, jaitu angka 17 dari djumlah helai bulu pada tiap-tiap sajak garuda dan angka 8 dari helai bulu pada ekornja. Seterusnja angka 5 dengan lima buah ruang pada perisai itu. Sembojan „BHINNEKA TUNGGAL IKA” mengandung arti „BERBEDA-BEDA TETAPI TETAP SATU

DJUA” jang maksudnja menghubungkan daerah-daerah dan suku-suku bangsa diseluruh Nusantara Indonesia hingga mendjadi KESATUAN RAYA. Garuda jang terlukis dengan warna kuning-emas, menjatakan kemenangan gemilang dan nilai Negara.

Sedangkan warna Merah Putih dalam perisai berasal dari Dwi Warna. Garis melintang ditengah perisai, adalah kastitiwa (equator) jang melalui pulau-pulau Sumatera, Kalimantan, Sulawesi dan Irian. Dengan garis ini dinjatakan bahwa R.I.S. adalah satu-satunja Negara Asli didaerah kastitiwa jang mentjapai Kedaulatan dan Kemerdekaannja dengan kekuatan dan tenaga sendiri.

Maksud dan arti yang tersimpul dalam Lentjana R. I. S.

Sidang Dewan Menteri R.I.S. yang diadakan pada tg. 11 Pebruari 1950, telah mengesahkan Lambang Negara R.I.S. yang direntjanakan oleh Panitia Lentjana Negara menurut bagian III pasal 3 Undang-undang Dasar Sementara R.I.S. Lambang ini menggambarkan seekor burung garuda seperti terkenal dalam dunia mystiek peradaban Indonesia yang berarti tenaga pembangun. Pada rantai yang dikalungkan dileher garuda tergantung sebuah perisai berbentuk djantung yang melambangkan perjuangannya pembelaan nusa dan bangsa. Lukisan garuda dan perisai ini mengingatkan pada tg. 17 Agustus 1945, ialah hari petjah repolusi yang bersedjarah, yaitu angka 17 dari jumlah helai bulu pada tiap-tiap sajak garuda dan angka 8 dari helai bulu pada ekornya. Seterusnya angka 5 dengan lima buah ruang pada perisai itu. Sembojan „BHINNEKA TUNGGAL IKA” mengandung arti „BERBEDA-BEDA TETAPI TETAP SATU

DJUA” yang maksudnya menghubungkan daerah-daerah dan suku-suku bangsa diseluruh Nusantara Indonesia hingga menjadi KESATUAN RAYA. Garuda yang terlukis dengan warna kuning-emas, menjatakan kemenangan gemilang dan nilai Negara.

Sedangkan warna Merah Putih dalam perisai berasal dari Dwi Warna. Garis melintang ditengah perisai, adalah kastitiwa (equator) yang melalui pulau-pulau Sumatera, Kalimantan, Sulawesi dan Irian. Dengan garis ini dinjatakan bahwa R.I.S. adalah satu-satunya Negara Asli didaerah kastitiwa yang mentjapai Kedaulatan dan Kemerdekaannya dengan kekuatan dan tenaga sendiri.

Perisai yang terbagi lima itu, mengingatkan pada PANTJASILA NEGARA, ja’ni: 1. Ke-Tuhanan, dengan Bintang (ditengah), 2. Kerakjatan, dengan kepala Banteng, 3. Kebangsaan, dengan Pohon Beringin, 4. BONDS FOR PAPER MONEY

FILED
FEB 14 1951

DJAKARTA, September 13. -- As from September 18 next the government will make a start with the exchange of "cut" paper money for government bonds, Finance Minister Sjafruddin Prawiranegara told Aneta today.

The finance ministry will shortly issue directives on this exchange of the righthand halves of banknotes, the minister added.

He said that a direct and an indirect system would be used. In the big cities the direct system would operate, that is, the righthand halves could be changed straight into government bonds to the correct value. In the smaller places in the archipelago the indirect system would operate to "meet the impatience of the man-in-the-street". This system provided for the issuing of a receipt pending the issuance of the respective bond.

That these measures could only take place after so many months was mainly due to the lack of printing facilities in the country, minister Sjafruddin explained.

(Aneta.)

NO GAMBLING IN S. CELEBES

MACASSAR, September 13 - In the South Celebes Council four political factions have now been formed. They are the socialist, republican national and democratic factions.

The Council is to take up the budget discussions in October and internal affairs will be discussed in the next meeting at the beginning of next month.

A motion tabled by the democratic and national factions to outlaw gambling was adopted by the Council. Aneta learned that especially in Islamic circles there was great objection against gambling in any form.

Radiograms of all classes may be filed at any RCA office.

Overseas and shore-to-ship radiograms via RCA will also be accepted at any office of the Western Union Telegraph Company in the United States. Domestic radiograms to points served by RCA will be accepted at any Western Union office in those cities which are included in the RCA domestic network.

ALL MESSAGES ACCEPTED BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes, the sender of every radiogram should order it repeated; that is, telegraphed back to the originating office for comparison. The additional charge for this service is one-half the ordinary tolls. Unless otherwise indicated on its face, this is an unrepeatable radiogram and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. This Company shall not be liable in any case for mistakes or delays in the transmission or delivery, or for non-delivery of any message, beyond its own terminals. In forwarding this message to the stations or over the circuits or lines of any other communications agency this Company is hereby made the agent of the sender without liability for mistakes, neglects or delays of such other communications agency, its agents or servants.
2. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeatable message rate, whether caused by the negligence of its servants or otherwise, beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated message rate, whether caused by the negligence of its servants or otherwise, beyond the sum at which such message shall be valued, in writing, by the sender thereof when tendered for transmission and for which payment is made of the amount of the repeated message rate plus an additional charge equal to one-tenth of one per cent of the amount by which such written valuation shall exceed five thousand dollars.
3. The Company shall not be liable in any case for delays arising from unavoidable interruptions in the working of its circuits; nor for delays or errors caused by storms or the action of the elements, or other acts of God, or by civil or military authority, or by insurrections, riots, rebellions, or the unlawful acts of individuals; nor for errors in cipher or obscure messages.
4. No responsibility attaches to this Company concerning messages until the same are accepted at one of its transmitting offices. If a message is sent to such office by messenger, whether supplied by the Company or not, the messenger acts for that purpose as the agent of the sender; if by telephone or by telegraph the person receiving the message acts therein as agent of the sender, and is authorized to assent to these conditions on behalf of the sender.
5. The Company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the Company for transmission.
6. It is agreed that in any action by the Company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
7. The special terms governing the transmission of the messages classified below shall apply to such messages in addition to the foregoing terms.
8. No employee of the Company is authorized to vary the foregoing terms.

CLASSES OF SERVICE

FOREIGN

Full-Rate Radiograms—An expedited service throughout. Plain and Cipher language admitted.

Deferred, Half-Rate Radiograms—Half rate messages are subject to being deferred in favor of full rate messages for not exceeding 24 hours. They must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text. Deferred service is available to most countries of the world.

Urgent Rate Radiograms—Take precedence over all other commercial messages. The word "Urgent" should be written as the first word of the address.

CDE Rates—Radiograms in code language are accepted at 60 percent of the Ordinary or Urgent Rates, according to the class of service desired. Code words are limited to five letters. Figure groups may not exceed 50 percent of the total number of words in text and signature.

Radioletters—Radioletters are of two classes, either NLT or DLT, according to whichever class is admitted by the country of destination. NLT are delivered on the morning after the day of filing. DLT are delivered on the morning of the second day after filing. Radioletters must be written in plain language and in one language only. Any language authorized for International telegraphic correspondence may be used. Figure groups must not exceed one-third of the text.

DOMESTIC

Full-Rate Radiograms—An expedited service throughout.

Day Letters—A deferred day service at One and one-half times the standard rate for a 15-word Full Rate message for the transmission of 60 words or less and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Day Letters:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Company as deferred messages and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of Full Rate Radiograms.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of Full Rate Radiograms under the conditions named above.

No employee of the Company is authorized to vary the foregoing conditions.

Serial Service—Individuals or firms may send any number of Serial Messages during any one day to the same person or firm and the words in each message will be accumulated to a daily total and charged at the Day Letter rate plus 20 percent. A minimum of 15 words per serial message will apply. The special terms applicable to Day Letters apply equally to the Serial Service.

Night Messages—Accepted up to 2:00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day. See special conditions below.

Night Letters—Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The Full-Rate Radiogram rate for 15 words shall be charged for the transmission of 60 words or less, and one-sixth of the initial charge for each additional 10 words or less.

Special Terms Applying to Night Messages and Night Letters:

In further consideration of the reduced rates for these special Night Message and Night Letter services, the following special terms in addition to those enumerated above are hereby agreed to:

Night Messages and Night Letters may, at the option of the Company, be mailed at destination to the addressee, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Messages or Night Letters at destination, postage prepaid.

INDONESIA NOTES

Security Bank Note Company agreement with the United States of Indonesia, drawn up by the law firm of Perkins, in Manila, covering 132,000,000 1 and 2-1/2 Rupiah notes.

✓ October 6, 1950 - Robert M. Strong reported from Djakarta that the Javasche Bank had advised him that the Security Bank Note Company contract above-referred to was awarded long before the handing over of sovereignty.

✓ October 10, 1950 - R.M. Strong interviewed the Minister of Finance, who confirmed that the Security order was an old contract.

In conversation this morning with Dr. Pamuejo, Consul General for the Republic of Indonesia, I was told that the original contract was entered into in the year 1948, at Bangkok, between Dr. Maramis, then Minister of Finance for the de facto government of the Republic of Indonesia at Djogja, and William P. Hunt Co., as agents for the Security Bank Note Company.

This 1948 agreement between Hunt & Co. and Dr. Maramis was kept extremely confidential, the Indonesian representative here being unaware of same until after an investigation had been made by Dr. Serkanto, the Chief of Indonesian Constabulary, who came here for the purpose of investigating contracts and various other transactions conducted by the Indonesians with Fox and other American firms.

Early this year Dr. Pamuejo told me that the Indonesian Commission would not do business with Hunt & Co. as they had discovered they were charging them an exorbitant rate of commission on anything Hunt did for them.

In a conversation with Dr. Pamuejo today he advised me that he was unaware until recently that any contract had actually been made, until this re-negotiation took place in Manila.

McNeary advises the contract entered into by the de facto government of Indonesia at Djogja with De la Rue was done without the knowledge of De Javasche Bank and they were very much surprised when Lord Killearn arrived in Batavia and insisted on the re-instatement of the contract which they had with the Djogja Government.

McNeary also advises that during his stay in Indonesia there was no indication on the part of the Javasche Bank that they knew anything about the William Hunt & Co. 1948 agreement and that he feels sure that when this eventually came to light it was as much of a surprise to them as to us.

September 15, 1948 Mr. Biersteker called here and said "they had heard some company was printing a large quantity of notes for Indonesia and wondered if we had any information".

February 2, 1949 Mr. Biersteker said "he found that no notes had been made here - he had taken the matter up with the State Department and it was agreed that it would be a violation of the agreement between the Netherlands and Indonesia."

It is quite possible Mr. Biersteker had heard rumors of the Maramis/Hunt, Bangkok agreement which was made about that time.

RIGHT HALVES CAN BE EXCHANGED AS FROM OCTOBER 1.

DJAKARTA, October 10.-- Right halves of banknotes can now be exchanged against 3% state obligations, it was officially announced here today.

The exchange will temporarily take place in accordance with the so-called "indirect method" on delivery of a receipt, which will be exchanged at a later date against 3% state obligations.

Exchange on delivery of a receipt will start in various places on October 18.

Right halves can be exchanged at:

1. Djakarta at the Central Remittance Office and the agency of the Indonesian People's Bank.
2. All places where agencies of the Indonesian State Bank are situated.
3. All places where postoffices are situated in the event of the absence of above-mentioned agencies.

PARLIAMENT HEARS GOVERNMENT ANSWER

DJAKARTA, October 11. -- "The government opines to have provided parliament with sufficient data on its program and leaves it entirely to parliament whether or not to support the government in the implementation of it", Premier Natsir told parliament tonight in answer to general parliamentary debates in first reading on his cabinet's government statement.

The session which was opened at 19.40 hours, was attended by all ministers except for Defence minister Dr Abdul Halim who is abed with illness.

The Premier started off his speech by declaring that the government had received a letter from the UNCI announcing that the commission had asked the Security Council for more powers to carry out its task in Indonesia in connection with the South Moluccas problem.

After thanking the members of parliament for their attention to the government's program, the Premier expressed regret that the government was not able to answer all questions in one session. Because of this his statement was divided into two sections, one part to be read immediately and the other to be issued in writing. Reading of the complete government's answer would take 5 hours, he said.

Opening his speech the Premier immediately emphatically denied rumours that the army had influenced the formation of the present cabinet.

The cabinet has been formed without any pressure, he declared.

A reshuffle of the present cabinet, the Premier announced, was only possible if it appeared necessary after the government had been given the opportunity to implement its program.

A present reshuffle of the cabinet was exactly the same as forcing it to resign, the Premier asserted.

The most important thing to do at present was to accept or reject the government's program.

Premier Natsir then stressed that in the government's opinion the RTC agreements with the Netherlands should be used as a basis in striving for internal consolidation.

Speaking on foreign capital he pointed out that this had an entirely different function now than before the transfer of sovereignty.

The independent policy would be maintained to guarantee the security of country and people as a free and sovereign nation, Premier Natsir stated.

After the reading of the government answer, parliament's chairman announced that parliament would again meet in public plenary session on October 16 and 17 to make general debates on the government statement in second reading.

On Saturday October 14 parliament will meet to discuss the question of vice president.

After the chairman had announced that the written part of the government answer would be issued to the members on Thursday, the meeting was adjourned at 20.21 hours.

Written section.

Answering questions in the security field in the written section of the government's answer, Premier Natsir stressed popular support was "greatly needed with regard to security affairs. Popular education and moral rearmament are also valuable aspects to increase the power of resistance".

The government would undertake the following to improve the state's instruments charged with the preservation of security:

MELBY: MISSION LEAVES INDONESIA

DJAKARTA, October 12 - The United States Joint Department of State Department of Defense Survey Mission to Southeast Asia left Djakarta October 12 for Bangkok en route to Washington.

This Mission, which visited various countries of Southeast Asia, is headed by Mr. John F. Melby and Major General Graves B. Erskine. It arrived in Djakarta on October 3 and during its stay in Indonesia had an opportunity to be received by President Sukarno on the occasion of Army Day celebration, and to hold several discussions with leading Indonesian authorities. These discussions were of general interest in the light of the work undertaken by the Mission in Southeast Asia.

The Mission made a two-day visit to the island of Bali as guests of the Indonesian Government.

GREATER INDONESIA PARTY CONGRESS POSTPONED

DJAKARTA, October 11 - The annual congress of the Greater Indonesia Party which was originally to be held in the first part of November this year has been postponed till a later date, it was announced by the secretariat of the party here today.

The postponement was due to the parliamentary discussions on the general elections which are expected to be completed in December.

The general elections will be an important item of discussion in the party's congress, the secretariat concluded.

MEDAN TYPOGRAPHERS' STRIKE ENDS

MEDAN, October 11 - The five week old strike of typographers, involving 300 workers in three printing offices, ended here on Monday following discussions between the management of the printing offices and representatives of the trade union of typographers.

The management of the printing offices has promised to grant a pay increase to their workers.

SETTLEMENT OF BELAWAN STRIKE UNDER STUDY

DJAKARTA, October 11 - "Ways and means are being studied by us to end the Belawan harbour strike without resorting to the use of force", it was disclosed today by North Sumatra military governor, Colonel Simbolon, in a long distance interview with the Djakarta Chinese-owned Indonesian language paper "Keng Po".

Colonel Simbolon said that discussions were at present being held in Medan between prominents of the military administration and of the Indonesian Labour Ministry to settle the strike.

He concluded by saying that he would make use of the strike ban if the strike could not be ended through negotiations.

- a. arriving at the most efficient structure;
- b. arriving at the most efficient employment of personnel;
- c. arriving at the best possible coordination of the various bodies entrusted with preserving security;
- d. demarcation of the authority of the instruments of power of the State;
- e. arranging a smooth functioning of the machinery, from the central government level down to the local levels.

The government had made the undertakings to restore security as a short term program.

New Guinea.

Asserting that the government would not let up in its fight for New Guinea's incorporation into the Indonesian state, the Premier expressed the hope that the dispute would not be made an international issue.

Mr Natsir declared that no special minister in charge of New Guinea affairs would be appointed because it was the government's opinion that in entrusting the Premier with this matter an effective way of inter-departmental cooperation would be achieved.

Home Affairs.

The future status of the Northernmost Sumatra region of Atjeh had the government's closest attention. A tour of Atjeh was intended "to go further into the matter" to find out whether the demands of Atjeh government officials for an autonomous province were "based on solid grounds."

Also the minority problem had the government's fullest attention. The Premier declared, "even though this was not mentioned in the government statement".

Justice.

In answer to parliamentary question, Premier Natsir revealed that 39 persons had been arrested because of the Andi Abdul Azis affair of whom 30 had successively been set free.

Three of the 9 persons still imprisoned were former ministers. They were:

1. Dr P.D. Diapari, former Prime Minister,
2. Abdurradjab Daeng Masikki, former Minister of Home Affairs,
3. R. Claproth, former Minister of Justice.

"Some of these 9 persons are held on the ground of 'sentiments', because there is great possibility that they will fall victim to retaliation on the part of the people if they are set free".

The Premier continued: "The examination of these among these nine who proved to be directly involved in the Azis affair has now reached such a stage that the case may be expected to be brought up before the court before long".

The Premier also disclosed that the government had prepared an Immigration Act to control the number of foreigners admitted into Indonesia.

This Act, he said, would be submitted to parliament "in due time".

Agriculture.

Stressing the government's plans to intensify people's agriculture, the Premier announced that agricultural courses had been opened in places all over Java and Madura this year.

He specified them as follows:

West-Java:

- West-Java: 197 agricultural courses with 6,000 pupils
 1 course for the training of mantris (local advisers)
 6 courses for the training of teachers in agriculture.
 4 primary agricultural schools.
- Mid-Java: 3 village courses for every district.
 1 course for the training of mantris (local advisers).
 1 course for the training of teachers in agriculture.
 1 smallholders' community school.
- East-Java: 3 village courses for every district.
 1 course for the training of mantris (local advisers).
 1 course for the training of teachers in agriculture.

The government has Higher Degree Secondary Agricultural Schools at Malang, Jogjakarta, Bogor and Bukittinggi, and Lower Degree Secondary Agricultural Schools at Malang, Sukabumi and Makassar.

The aim of the People's Agricultural Service is to increase the number of agricultural training courses and schools not only in Java and Madura, but throughout Indonesia. This plan cannot be implemented smoothly, however, owing to the shortage of expert personnel who can act as teachers.

The government had ordered a great number of hand rubber mangles and coagulation tanks for the manufacture of rubber sheets, the Premier stated.

He said the government would also promote the setting up of smoking houses.

Speaking on the irrigation system in Indonesia, the Premier declared that 5 million rupiahs were on hand for the restoration of irrigation works in Java and Madura during the present wet season.

Communications

Premier Natsir declared the government would grant assistance to shipping companies. This assistance would take the form of:

- a. leasing ships to private enterprises,
- b. granting credits,
- c. granting subsidies directly.

"The government has reserved 10 million Netherlands guilders for this purpose. The overall needs for an interinsular fleet is estimated at approximately 300 million guilders (Netherlands currency)", he said.

Speaking on the improvement of the Indonesian railway's material, the Premier stated: "The purchase of rolling-stock for the railways, concluded by the RUSI Minister of Communications, Power and Public Works, is in fact the execution of a decision made earlier to renew the railway rolling stock which has seen no replacement for the last 8 years. This is needed to maintain the present transportation capacity which, in fact, is below the minimum already".

Popular housing.

The government planned to give assistance to popular housing schemes such as supplying building material. "A commission for popular housing will be charged with this task", the Premier declared.

This commission will have subcommissions in all parts of Indonesia and its management will be in the hands of both government officials and representatives of the people.

Specifically mentioning Djakarta's housing shortage the Prime Minister stated: "The government, in its endeavour to meet the housing shortage in Djakarta - which is especially felt by the government officials - has undertaken to build three thousand houses at Kebajoran. The first will be ready by mid February 1951".

FILING
NOV-3 1950

The Public Works ministry was planning to nationalise the power stations in Indonesia, Premier Natsir asserted. Most water companies in Indonesia were already under government control, he added.

Education.

The task of the Education ministry, Mr Natsir stressed, would be divided into three parts:

1. the research department.
This department will constitute a research laboratory, a planning division, which will contact education experts and psychologists to determine the best system of education.
2. the implementation department.
The task of this department is the implementation of all plans.
3. the statistics department.
To check up the results of the Ministry's endeavour from year to year, so that at a certain time it can be established that a system or method applied have led to the desired result.

Health.

Answering questions put by Dr Diapari, the Premier said the government was paying due attention to the combat of endemic diseases.

"A people's health service has been established at Jogjakarta with a research institute which works in the field of the combat of yaws. Full attention is also paid to the combat of other endemic diseases such as Malaria (center: Djakarta), leprosy (center: Djakarta), tuberculosis (center: Tjisarua), venereal diseases (center: Sourabaya).

Under the government plan every district will in the future have its own clinic. If this plan can be implemented, there will be a clinic for every 20,000 inhabitants. Owing to death of personnel, this plan cannot be carried out as yet", he stated.

The Premier added that there was at present no shortage of medicine in Indonesia and the only difficulties in distribution of medicine throughout Indonesia arose from the "far from perfect transportation and communication between Java and the other islands".

He added that "ways and means are being sought to improve the distribution of medicine".

Labour.

"The government is arranging the right to strike in a bill but pending the promulgation of this new Act the prohibition issued by the Military governors will stand on the understanding that disputes will be settled with the greatest possible tact and flexibility", Premier Natsir said.

He added that one of the tasks of the Labour ministry was to train cadres for labour organisation.

The government was also preparing a bill to cover the government's attitude toward the mass dismissal of workers. Pending its promulgation the Ministry of Labour will request employers not to dismiss workers en mass prior to consulting this ministry.

Social Affairs.

Due attention was paid to ex-members of the Indonesian armed forces and to ex-prisoners of war, Premier Natsir said. "Support is given to them either as individuals or as organisations through the regional social services".

The Central government will stimulate the regional social services to take care of the poor and of waifs and strays and private institutions working in this field are given the necessary aid, he declared.

Religion.

Religion.

The ministry of Religion had a right of existence and would not be liquidated, the Prime minister said.

The government would adopt the standpoint of "siding with God" as a natural consequence of the Pantja-Sila (Five Freedoms), Premier Natsir said.

Answering criticism as to the fact that the task of the Religion ministry had not been clearly outlined in the government statement, the Premier said: "The government would like to refer to the political platform of the ministry of Religion in the Hatta Cabinet which reads, inter alia, that it strives "after the materialization of a homogenous Indonesian nation which does not make discriminations with regard to belief and religion, and as such in line with true democratic principles". It was resolved that this platform should be made the permanent guiding line for this Ministry".

Indonesia Notes

I called on Dr. Iman J. Pamudjo, Consul General of the Republic of Indonesia, 5th floor, 10 Rockefeller Plaza, to thank him for helping Mr. Lynott obtain my March 1950 visa for Djakarta. We talked about our various mutual Indonesian friends and finally got on the subject of bank notes.

Dr. Pamudjo confirmed his previous conversation with Mr. Lynott regarding the re-negotiated contract with Security Bank Note Company. He said he regretted Dr. Maramis' unfortunate and hasty act of entering into an agreement with Wm. Hunt & Co. at Bangkok in 1948. He said Hunt & Co. were only curb brokers and that Indonesian purchases should be made direct with responsible manufacturers instead of through "racketeering curb brokers". He no doubt is sincere for he indicated that he had so informed his government.

Dr. Maramis, as you know, was Minister of Finance in 1948 and is now Indonesian Ambassador to the Philippines at Manila.

Upon receipt of Mr. Mc Neary's telephone call I immediately called ^{Spies} Quspaos of ^{De Javasche Bank} iczyg and the Ministry of Finance. I was able to see ^{Spies} Quspaos that day and the Minister of Finance the following Monday.

When I questioned ^{Spies} Quspaos regarding the Security Bank Note Co. order he said it was true that Security Bank Note Co. had an order for One and Two and One Half Rupiah notes. However this was not a new order, but a conversion from an old order signed by the Republican Government in Djakarta, prior to the turning over of sovereignty by the Dutch. He did not know when the contract was signed as naturally the Java Bank was not consulted. However, he was sure the contract was more than one year old.

The present government considered cancelling the contract but the terms of settlement were so severe they decided to make a conversion to One and Two and One Half Rupiah notes. If these notes will ever be used is problematical. The Java Bank does not favor their being issued. The principal reason being that the appearance of a new note issue at this time, in addition to those now in use, would not be understood by the public and could cause many rumors which might be disastrous. Another reason is that the notes do not constitute a complete series as those now in use.

^{Spies} Quspaos said, that while he was not sure, he believed the original order was for notes of higher denominations than Two and One Half Rupiahs. It is my understanding the Ministry of Finance, under the name of the Republic, may issue notes up to and including Two and One Half Rupiahs. These are called currency notes. All higher notes must be issued by the Bank of Issue, which at the present time is the Java Bank.

^{Spies} Quspaos went on to say he could definitely state no new orders have been placed with any foreign firm by the present government.

When I called on the Minister of Finance he introduced me to the Assistant Minister of Finance (Secretary General) and advised me he could ^{Spies} answer all my questions. The Secretary General confirmed exactly what Quspaos had told me and also stated that no new orders had been given by the present government. He further said there were no definite plans at the present time for the placing of any new orders with foreign companies.

The Secretary General also said that before long the Ministry hoped to be able to make their own currency in Indonesia. I pointed out the difficulties of making a steel engraved currency. I also told him of the various security factors that were necessary in producing a safe currency; and the dangers if these security factors were not present. I went into this subject thoroughly, covering the engraving, printing and the handling of the finished product. He listened, and then said the Indonesians could learn. I did not press the subject further at that time.

This may have something to do with the statement made some time ago that the Indonesian Government had purchased printing machinery in America.

I next asked the Secretary General if he could give me some idea as to the general specifications of the new notes. What would be the wording, what languages, portraits, vignettes, size, etc. He said nothing had been decided. I told him we would be glad to prepare a model if he could give us the necessary information and material. He said he would let me know as soon as a decision had been reached.

I will continue to call on the Ministry of Finance and the Java Bank at frequent intervals and try and secure what information is available. The Director General of the Ministry of Finance is Mr. Slamet Soetikno. His office is adjacent to the Minister of Finance Mr. Sjafruddin.

In talking with Mr. Vander Laan, Commercial Attache to the United States Embassy, regarding the Security Bank Note Co. order, he said he had heard the same as I. However, he went a little further and said he had heard that Security had done considerable work on the original order, hence the high cost of cancelling.

Mr. Vander Laan said he believed this was also true of the De La Rue contract but they were much further advanced in their work and that he had heard they were to complete their original contract. However it is possible that a conversion had, or would be made. In the case of De La Rue some of the notes have been delivered and issued. As these are Five and Ten Rupiah notes, and do not state they are issued by the Bank of Issue, it is likely no more will be issued, even though there are large quantities on hand. Mr. Vander Laan also understands there are no immediate plans for a new issue.

I had hoped to secure additional information but until now have been unable to do so. I have heard no contradictions to the above.

I will continue to call on the various officials and will advise you of anything of interest I hear.

Your letter of October 18th gives us a good picture of what took place and is in line with the information obtained here.

We understood that the original agreement between the Republic of Indonesia and Security was signed at Bangkok in 1948 and renegotiated during Dr. Maramis' , Djakarta, visit in June 1950.

Your talk with Secretary General of the Finance Department - Mr. Slamet Soekintno, is of importance and I recommend you to keep in close touch with him and continue impressing upon him the vital importance of American Bank Note Company quality. The importance of quality was fully outlined in my letter to Dr. Sjafruddin, a copy of which is on your file.

We are pleased to learn that Mr. Vander Laan was of help in this matter.

Secure all the additional information you can and keep us fully advised.

Mr. John E. Dobbin, Assistant Cashier, Commercial Bank and Trust Company, called this afternoon to say that Bradford Norman, Vice President, had been ill for several weeks and would be out for another month.

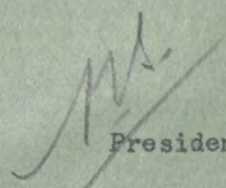

He stated that he understood that ALS Jr. was seeking an introduction to the Treasurer of T.W.A. and stated that the gentleman was no longer with T.W.A., but he would be glad to introduce us to the new Treasurer. (ALS Jr. was not in at the time of Mr. Dobbin's call)

In the course of our conversation, I told Mr. Dobbin that I understood in some vague way that they were the New York depository for the new U.S. of the Republic of Indonesia and he said that was correct. I asked him where he got the money from and he replied that it was through advances of the Export and Import Bank as the result of a loan to the Indonesians for the purpose of buying certain agricultural and other equipment. I also asked him if the money had to be used solely for that purpose and he said he did not know, but rather doubted it. I told him that I had called Mr. Norman some time ago to inquire about an order I had heard had been placed with the Security, all of which I have since confirmed through other sources. He said there was no credit established through them.

I asked him if he knew Fox and he said yes. As a matter of fact, Fox is in and out of the bank many times a day. I asked how he stood with the Indonesian Government now and he said o.k. and that all of the old complications had been cleared up.

Dobbin said he would be glad to introduce us to Mr. Soekarno, but I told him we already knew him. He also said that frequently their government officials were on here and if there was anything he could do, he would be glad to have us let him know.

Renegotiated 1948 contract
Indonesian Bank Notes

Last night I had dinner with Hollis Gale, who at one time was offered a position to represent Security Bank Note Company in Central and South America. He informed me of Colonel Scruton's recent trip to Djakarta and said Scruton told him he had an order from the Indonesian Government amounting to US\$900,000, also that he had visited various countries in the Near East, Lebanon, etc., and that they expected to eventually get some business. Gale, not being especially interested, failed to get any definite details, - he simply passed the information on in the course of gossip relative to Wm. Hunt's activities.

This confirms the information you received October 9th re old renegotiated order for 130 million notes of 2 denominations at \$6.90, making a total of \$897,000. ^{10th?}
